At times, Avoriaz car parks may be full on busy days.

In this case, the resort implements a parking plan to direct visitors to suitable parking areas.

This map shows the procedure to follow.

## FILTRAGE

When the parking plan is activated, access control is put in place.

Please slow down and stop in front of the resort staff, who will indicate where you should go.

1

SÉJOURS, PROPRIÉTAIRES  
OU PROFESSIONNELS

If this applies to you, please drive up to Avoriaz following the usual procedure.

Note: If the covered car park is full and you do not have a reservation, parking will be available in the resort's outdoor car park.

2

VISITEURS JOURNÉE :

Once the Prodains, Ardent and then Avoriaz car parks are full, the parking plan is activated.

A staff member will guide you to one of the designated parking

3

SATURATION DES  
PARKINGS

In the event of total saturation of the car parks, access to the ascent may be restricted for visitors.

Only residents with accommodation booked for at least one night will then be allowed to drive up.

Information will be displayed on traffic signs and published on avoriaz.com.

NAVETTES

Shuttle buses run continuously between the parking areas and Avoriaz.

**The service operates from the moment the parking plan is activated until 6:30 p.m.**

SKIEURS

**If you are already equipped, you can access the ski area directly from the overflow parking areas.**

For lift passes: buy your pass online and/or use the self-service ticket machine located at the TSD Proclou lift departure.
